Cartoons

REF: (A) GUAT 596
(B) IN-A-1097

1. We have cabled Headquarters, requesting printing of two handbills as suggested in your reference A. In view of previous printing requests yet to be filled, however, we cannot promise you whether it will be possible to send you these handbills in time.

2. We fully realized that you could not use all the cartoons we sent you: we preferred, however, to send you more in order to permit you a wider selection and we wanted you to have first choice, above any other outlets, since we consider distribution right inside the target area our very best bet.
